

NEWSLETTER #2 28 Sept. 2018

One week after our launch at the Coupe Icare, we want to update you with some of the latest news.

Our stand has always been busy, and we are honored to have been granted the Prize Jean-Marc Mouligné for the most innovative product. Feedback has been great, and people seem to be excited all over the world for this new release. We appreciate and want to thank all the people that visited us at the booth or that have reached us out by email or Facebook!

We also enjoyed some great press coverage during the past week! Click on the icons to read the articles!
